EMP Earns ANSI Accreditation DOE Recognition!

ENERGY MANAGEMENT PROFESSIONAL

About EMA:

EnergyWise is a monthly e-Newsletter produced by the Energy Management Association (EMA), a subsidiary of the AABC Commissioning Group (ACG).

Great news for EMA's Energy Management Professional certification on two fronts as it achieved accreditation by the American National Standards Institute (ANSI), as well as becoming a recognized certification by the Department of Energy's Better Buildings® Workforce Guidelines (BBWG) program this month.

"This is an important milestone for the EMP credential," said EMA President Robert Knoedler. "Recognition by ANSI and DOE demonstrates their acknowledgement that EMPs are professionals with the specialized knowledge, skills and experience to provide a

variety of energy-related services to building owners, institutions, corporate and utility administrators, and various federal, state and local agencies.”

EMA is planning a variety of activities at next week's CxEnergy 2018 event in Las Vegas to commemorate attaining the accreditation and recognition and honor the many EMA and ACG members who made it possible. [Read full press release.](#)

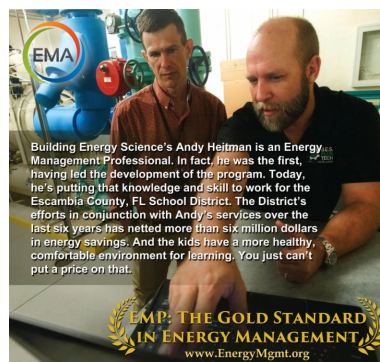

## Still Time to Register for CxEnergy 2018 A Record Crowd Awaits

Last minute registrations for the CxEnergy Conference & Expo (April 23-26, Rio All-Suite Hotel, Las Vegas) are still available. The response to this year's event has been tremendous. In fact, it has already [broken CxEnergy's all-time attendance record](#) based on preregistration numbers.

Attendee registration includes access to all technical sessions and the Expo Hall, breakfast, lunch and two receptions. Register at [www.CxEnergy.com](http://www.CxEnergy.com). Don't miss industry's premier event for commissioning and energy management, [see who's already registered for CxEnergy 2018.](#)

## EMA MEMBER NEWS

### *EMP: The Gold Standard in Energy Management*

EMA is highlighting the work of our EMPs and the value they create for their clients and society. The vignettes will be featured on social media, EMA's website and other media. Have a good story to tell like [Building Energy Sciences' Andy Heitman](#)? Contact [ed@energymgmt.org](mailto:ed@energymgmt.org). ([Click Image or here to Enlarge](#))

*Please Welcome R3 Retail Development, EMA's  
Newest Associate Member*

R3 Retail Development, located in Camas, Washington, is a family owned, efficiency-oriented consulting firm with deep roots in project management focusing on maximizing profits for supermarket, grocery, food processing, commercial, retail and small industrial customers of many types across the country. Visit them at [www.r3retaildevelopment.com](http://www.r3retaildevelopment.com).

*Rusk Engineering Seeking to Partner*

Richard Rusk, PE, EMP, of Houston, Texas is now an independent engineer available for energy analysis assignments. Rusk has performed energy audits and retrocommissioning projects in hundreds of commercial buildings and factories across the US. He has worked on teams doing savings-based contracting, administration of utility incentive programs, third-party reviews of energy calculations, and management of continuing education courses including the EMP's "Gap" session at CxEnergy 2018. Contact: 713-397-2926 or [r.rusk@runbox.com](mailto:r.rusk@runbox.com).

TECH TALK

*Google's Purchase of  
Renewables Exceeds  
Global Operations  
Usage*

Put simply, for every kilowatt hour of electricity the company used in 2017, it bought a kilowatt hour of renewable energy from a solar or wind farm built specifically for Google. Company official says no corporate purchaser was buys more renewable energy. [Article](#)
